Approved Project List

Programmed Projects

Delivery Plan:

Milestones that are tracked by HQ in the Delivery Plan for the current FY. In July of each year, HQ PM sets a new baseline that reflects XPM on 7/9/xxxx.

Approved Line:

Schedule at the time of programming and any approved changes, aka PCR/PCD. CR Document Coordinators update the schedule when either the district or HQ approves a PCR/PCD. PDS projects should have an approved line that matches the SB45 components that are programmed. When a project completes the PID phase and is still pending programming, we copy the current schedule into the approved line until the project is programmed.

Current Line:

Schedule at the time of preparing the Status of Projects. PM has the ability to change the schedule at any given time.

The project is programmed for PA&ED only. This project is a MOU project between the counties of Mono, Inyo, and Kern. Funding source is a combination of IIP and RIP monies. The State's IIP contribution is 40% or \$1,524,000, and the combined counties RIP contribution is 60% or 2,286,000 for a total cost of \$3,810,000 to achieve PA&ED phase. The schedule for the remaining phases will be determined after the Alternative is selected and the funding has been identified.

This project is programmed or PA&ED only. This project is a MOU project between the counties of Mono, Inyo, and Kern. Funding source is a combination of IIP and RIP monies. The State's IIP contribution is 40% or \$800,000, and the combined country RIP contribution is 60% or 1,200,000 for a total cost of \$2,000,000 to achieve PA&ED. The schedule for the remaining phases will be determined after the Alternative is selected and the funding has been identified.
